

Creating Accessible Documents, under Section 508 of the Rehabilitation Act

Project Title	Creating Accessible Documents, under Section 508 of the Rehabilitation Act
Project Summary	Creating Accessible Documents, under Section 508 of the Rehabilitation Act. Convert complex documents into accessible format.
Country	United States

Project Description

The agency is required to make work products into accessible format. Tools to convert documents cannot successfully meet this requirement for complex documents. This project is a manual project to take the complex documents and make necessary manual adjustments to meet 508 accessibility requirements. Virtual training and understanding of 508 requirements will be provided. New, innovative solutions will be welcomed. As time permits, assignment may include other 508 accessibility efforts such as developing employee training materials.

Required Skills or Interests

Skill(s)
Data analysis
Design thinking
Editing and proofreading
Writing
